Dear Todd,

Wow! What a great weekend we had with you in Oklahoma. First of all you exceeded my expectations at the Worship Workshop. I had hoped for something that people would walk away from and know that they hadn't wasted a Saturday. Every comment that I heard was positive, and I truly believe people felt that not only their time spent with you was beneficial, but was desperately needed. Through the responses that you sent me I was once again in awe of how the Holy Spirit who can use one person speaking the same message to everyone and yet reveal so many different things to His people. Thank you for truly emptying yourself for the state of Oklahoma on Saturday.

In regards to the worship Concert on Sunday, once again I could not be more pleased. I have heard more people talk about your talent and the spirit with which you offered it. One lady in our congregation came up to me Sunday night and thanked me for bringing you. She said, "I needed to hear what he said about damaged goods." What a blessing you were to our church family here in Pryor.

Thank you for being a transparent vessel of the Holy Spirit's power. It is evident that you are aligned with God's will for your life, because you are effectively causing others to be molded into His image. Thank you for your time, your organization, and your willingness to serve. I also want to thank you for the personal encouragement I received from both your message and our personal time together.

Intent on One Purpose,

Andrew Rehbein
