A WORSHIP CONFERENCE/ RETREAT

The Call of a Tile-Mover

**Leading Others to the
Feet of the Master**

**TODD BRASCHLER
MINISTRIES**

Introduction

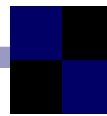

The Spirit present in worship reflects the Spirit evident in every other area of ministry. If there is an area of ministry that truly defines the Spiritual health of a congregation or family, it is the area of worship.

How we come together and sense the presence of God demonstrates what our activities, behaviors and actions have been about throughout the week. The perception of the role of worship in a church and in a personal life honestly demonstrates our heart for God and the passion for His presence.

This conference leads a church in powerful moments and pivotal decisions both as a church and as individuals in the following:

- *Do people come to our church to be filled in worship, or are they arriving already filled from their walk during the week?*
- *Does our preparation for worship opportunities seem blessed by the power of the Holy Spirit, or are we more caught up in the performance and weekly schedule of worship?*
- *When was the last time God performed a miracle in the life of another person as a direct result of our worship services?*

This experience is based on Mark 2:1-5 - A few days later, when Jesus again entered Capernaum, the people heard that he had come home. So many gathered that there was no room left, not even outside the door, and he preached the word to them. Some men came, bringing to him a paralytic, carried by four of them. Since they could not get him to Jesus because of the crowd, they made an opening in the roof above Jesus and, after digging through it, lowered the mat the paralyzed man was lying on. When Jesus saw their faith, he said to the paralytic, "Son, your sins are forgiven."

Details

This experience can be facilitated into a one/two day conference, in house or as a retreat. Designed for the entire church or just for the worship arts ministry, it can also be adapted to a choir—only event.

Worship Participation

Todd often will work together with a choir or worship team to share in worship on the following Sunday. A worship team can be very involved if there is a desire and a team willing and capable to prepare ahead of time. Whether as a portion of a service, or in a full concert, it is our desire to involve those from a local congregation in the weekend as much as possible.

Cost: The retreat and conference have a stipend based on the size of church and number of participants. This is negotiable depending on the situation. Lodging/travel to and from Wichita, KS are in addition to this stipend.

Worship participation/concerts are for the most part by love offering. Sunday evening schedules require a set minimum.
